

Grocery Sanitation Collection

Remco
a Vikan company

Hygienic | Sanitary | Safe

Remco provides high quality, color-coded, FDA-compliant cleaning and material handling tools perfectly suited for grocery businesses. In addition to our hygienically-designed shovels, scoops, and scrapers, we feature Vikan's advanced line of brushes, brooms, and squeegees. Moreover, we offer training and support to end users, helping ensure food safety compliance. Regardless of the grocery operation's size or complexity, Remco has the tools and expertise to help you execute your HACCP plans.

Bakery Department Tools

Bakeries not only need robust tools for cleaning up stubborn soils, but also require soft-bristled brushes necessary to work on stainless steel counters without scratching them. Such a range of tools offer the facility the appropriate means to mix, knead, scrape, brush, store, and handle ingredients, and to keep the work areas sanitary and products safe.

Deli Department Tools

The ready-to-eat foods served in at Deli counters may be at the greatest risk of *Listeria monocytogenes* contamination, hence intense scrubbing and detailed cleaning of surfaces should be required. Therefore, such critical areas call for hygienically designed brushes, brooms and handling tools that can be cleaned quickly to avoid potential cross-contamination between raw and finished product zones.

Vikan 59" Ultra Hygiene Handle Part Number: 29625

Soft/Stiff Bristles
Part Number: 31745

Vikan 12" Deck Scrub
Stiff Bristles
Part Number: 70605

Meat Department Tools

Hygiene requirements are critical for Meat Handling areas, where dangers from pathogens like shiga-toxin producing *E. coli* and *Salmonella* may lurk. Thanks to the hygienic design of our brushes, squeegees, brooms, scoops and tubs, the mandated sanitation standards are maintained. Our wall bracket is a useful fixture that helps store tools off the floor until they're needed.

Produce Department Tools

Produce such as fresh or minimally-processed fruits and vegetables are perishable items, and therefore, sanitation and hygiene is a must for ensuring food safety and the keeping quality for these products. Our brushes and brooms will get the job done while still being easy to clean, and our handles will be able to reach high ceilings of large sections of a store.

Medium Bristles
Part Number: 45892

Vikan Dustpan
Polypropylene
Part Number: 56602

Vikan Hi-Flex Wall
Bracket System
Part Number: 10112

Seafood Department Tools

The Seafood Department needs to regularly handle large volumes of fish, prawns, lobsters or other marine products, making shovels, scoops and tubs especially practical for moving everything from ice to the food itself. The ergonomic nature of our handles will help minimize worker strain, and the hygienic design of our tools make them easy to clean.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
